WHAT'S COMING TO THE MARKET SOON!

Fruits & Veggies

November

Apple Shipping

Apple Shipping

Do you have relatives that live out of state and you want to share the taste of fresh local apples with them?

Apples they can buy in their local grocery stores don't compare to the taste of homegrown fresh off the tree local upstate New York Apples.

Ship them fresh picked apples today.

To ship an order of apples please contact Kendra at 315-483-4050 for pricing and more details.

May 2012

Asparagus

Watch for the road signs!

THANK YOU

We here at Burnap's Farm Market would like to thank you for a wonderful season. It is always very exciting to open in the spring and just as exciting to close in the fall so we can rejuvenate and collect many new ideas this winter to incorporate into the farm market for next season.

This was a beautiful season with all the crops coming in and the fall harvest of apples going very smoothly. The Farm

Market had an exciting year with many new faces and an extended season with the beautiful fall weather we have been having.

Next season will bring forth many new changes and excitement with all the new products and ideas we get this winter.

Kendra
